From a strong foundation in quality and engineering, to the pursuit of innovation and global ambition, our leadership reflects the spirit of Sparrow: reliable, refined, and ready for the future.

Founder & Chairman

"If you build with quality, the customer will find you. The moment you compromise, you devalue your brand. Quality takes time — but it builds timeless trust."

Laid on the foundation of one uncompromising principle — quality above all. With decades of experience and deeply rooted values, Sparrow continues to move forward with clarity, trust, and purpose.

Co-Founder & Director – Operations & Engineering

"Efficiency means using every resource to its fullest. When design is optimized and engineering perfected, products become powerful, reliable, and complaint-free."

With sharp operational expertise, Sparrow has built a reputation for precision, innovation, and zero-defect manufacturing. A culture of continuous improvement ensures that Sparrow always sets the benchmark in product quality.

Director – Brand & Strategy

"Sparrow isn't just about accessories — it's about creating excellence year after year. We don't just give a product; we give a legacy of quality."

Representing the next generation, Sparrow is driven by growth, design refinement, and customer connection. With forward-thinking strategies, the brand stands as a first choice — trusted by dealers and celebrated by customers worldwide.

Made In India, Since 2011

Our Journey

A Decade of Dedication. A Legacy of Excellence.

2011

The Beginning

We laid the foundation of our dream with the establishment of Patidar Metal Industries and the birth of our brand Sparrow. Starting with just 2 designs, we stepped into a new world of manufacturing — learning, adapting, and striving to understand the evolving needs of the market.

2012–2013

Learning & Progress

With commitment in our hearts and growth in our minds, we added 2 more designs, making progress slowly but steadily. These were the years of intense learning, groundwork, and relentless effort — shaping our future.

2015

The First Turning Point

This was the year we discovered our deeper purpose — to deliver value beyond products. With a clearer vision and growing confidence, we launched 3 new designs and moved closer to aligning with market potential. It was the beginning of believing: Yes, we can.

2016

Expansion & Quality Reinvention

Responding to market trends, we launched multiple new designs and upgraded our infrastructure. This year marked a new era of quality transformation — where every product became a reflection of durability, design, and trust.

2020

Resilience Through the Storm

The world slowed down — the pandemic, recession, and uncertainty challenged us all. But we never compromised on quality. While others paused, we pivoted. With the spirit of togetherness and purpose, we continued developing, improving, and preparing to come back stronger. Even in the toughest times, our mindset remained: "Be better than yesterday."

2022

Embracing the New Era

With changing customer tastes and the evolution of interiors, we stepped boldly into the new age of trending finishes — Rose Gold, Gold, Matte Black, Antique, and Platinum. We reimagined our designs to match these trends, offering elegance with strength.

2023

A New Vision, A Stronger Tomorrow

This year marked a big turning point in our journey. We committed ourselves to a renewed vision: To grow together with our customers, dealers, distributors, and team members. Every individual connected with Sparrow should feel proud and benefit from our shared progress. Our motto continued to guide us: "Always better than yesterday."

2025

Today, we have more than enough designs that cover almost every shape and style to suit any interior. We offer a wide variety of finishes and colors that our customers can confidently choose from and love.
We have always believed in growing together. Whether it is our customers, dealers, distributors, or employees — everyone who is connected to our Sparrow family must benefit from our journey.
This is not just a business; it's a story of commitment, quality, and togetherness.
